**It's a fact that no two people are alike. Your marriage and family situation is unique.**

So, when you need assistance with family law matters, you want to be sure that you are getting personal, compassionate and meticulous attention, the highest quality service, and the most accurate, up-to-date legal advice possible for your unique situation. After all, family law is certainly no place for a "one size fits all" solution.

When Michael Lynch Family Lawyers first opened its doors back in 1996, this intense commitment to client service

and the desire to offer all our clients the highest levels of professional care were our foundational principles. These are the keys to our success today.

Over these years, through community-awareness programs, radio commentaries, magazine and newspaper articles, seminars, free newsletters and books – as well as through assisting many high-profile clients – we have established ourselves as the premier Family Law firm in Brisbane.

While we have over 100 years of combined experience, we understand that our

constant education is crucial to your success. As our client, you can rest assured in the knowledge that we are up-to-speed with the most recent changes in the law, at all times. # Why choose Michael Lynch Family Lawyers?

## YOUR NEEDS COME FIRST

### WE ARE ENCOURAGED WHEN WE RECEIVE FEEDBACK SUCH AS THIS

Michael Lynch Family Lawyers have really listened to me. I felt confident my case was handled well. The law has changed recently and I did not feel that a previous law practice I spoke to was suitably up-to-date.

*PB, Carindale*

I like my solicitor's personable nature. I was also always confident that I was getting the very best advice.

*TS, Flinders*

I always felt that the service provided by Michael Lynch Family Lawyers was of a high standard. Each time, after appointments I came away feeling secure. Keep doing what you are and maintain the "family feel" that permeates your services. If I need a family lawyer in the future, I'll be heading to Michael Lynch Family Lawyers again.

*CW, Brookfield*

My lawyer is lovely to deal with and provides a balanced view in what are very difficult circumstances.

*AC, Morningside*

When it comes time to choose a Family Law firm to represent you, it is easy to be overwhelmed by the emotions you are experiencing and the amount of information you are trying to absorb. There is no denying that family issues such as separation, divorce and child custody can be the most painful, spirit breaking and exhausting times of life.

#### We know.

For over 25 years, we have helped more than 10,000 Australian families through the heartache (and legal minefields) of separation, divorce, and the resulting stressful family and relationship implications.

You want to be certain that the Family Law firm you choose to represent you will have YOUR needs first... not their own.

When you first meet with a solicitor from Michael Lynch Family Lawyers to discuss your situation you can be sure that you will be listened to, understood, and cared for from the very beginning. Many of our clients have later shared how they felt "safe" with us, even from the initial consultation, where they had never felt this way with other solicitors.

You could say that this is our point of difference – we make it our #1 goal to always act in your best interests, to provide you with the most up-to-date family law advice and to empower you to make the right decisions for your own unique situation.

#### Credibility

Michael Lynch Family Lawyers is one of Brisbane's longest established Family Law firms. They are the authors of numerous publications, including a free book on Family Law titled "*A Guide to Family Law – Everyday Answers*", free e-newsletter with 5,000+ current subscribers, newspaper and magazine articles, as well as a frequent contributor on popular talk-back radio programs.

#### Accurate and Timely Advice

As Brisbane's preferred family and relationship law specialists, family law is all we do. We ensure training and research is a constant activity, so that you are equipped with the most up-to-date facts and options.

#### Professional and Friendly at All Times

Our time-proven "do unto others" approach to business means that we treat all our clients with the same high levels of respect, courtesy and integrity. This attitude has been a pre-requisite for all Michael Lynch Family Lawyers staff, to ensure the message is consistent throughout the firm.

#### Helping to Guide You

Many solicitors – mostly without realising – distance themselves from their clients by using "*legal speak*", which can be confusing to most people... sometimes even patronising. We are glad we can "*speak your language*".

#### Costs are Disclosed

You will be given a clear outline of the costs involved for your case from the onset. While none of us possess a crystal ball, and situations can arise which impact the end result, we will strive to minimise costs and provide full details of charges as they are incurred.

#### Open to Feedback

We regularly ask for feedback – positive or negative – from our clients. We then use "*development opportunities*" to enhance our service even further, to ensure our practice is continually improving.

We openly encourage all comments and suggestions. Without this open communication, we can never be sure that our clients are truly receiving the levels of service they demand.

#### Client Satisfaction

Over 10,000 clients have received our professional services over the years. If it's true that satisfied clients refer their friends, then we must have very satisfied clients indeed.

*SS, Hamilton*

You were very helpful in assisting me to combat a very ugly situation without stooping to the low levels that the other solicitor attempted to take us.

## 'Family Flyer':

is another free service that we initiated over 25 years ago. Each monthly newsletter is packed with updates on Family Law, tips for best navigating family issues and case studies of recent disputes within the Family Law Courts.

## Professional Seminars and Webinars:

As part of our commitment to Family Law education, to the Australian public, we offer frequent seminars and webinars on Family Law matters.
